

MAINTAIN YOUR PATENTS

Manage your annuities

easyrenew provides you with a real-time view of the annuities due within the next 12 months for your patents and patent applications.

Your issues

- Send your instructions
- Plan your strategy and estimate the maintenance costs

Manage your annuities in total autonomy

- An instant and secure access to your annuities in automatic payment, directly from the IP data² easyrenew menu.
- Time-saving and simplified decision-making thanks to a direct access to your portfolio status, estimates and summaries of your instructions.

Which features?

- Access to all annuities scheduled for automatic payment in the coming months.
- Extraction of all information required for decision-making.
- Online transmission of your instructions: maintenance or withdrawal your titles in a single click.
